Description of the system/equipment (if necessary use reverse)

The required approval of the will be obtained by us in good time before the start of the event to be available at the start of construction or when the aforementioned system/equipment is taken into operation.

The system/equipment stated below, which has to be approved by the competent authorities, will be operated on my/our exhibition stand during the course of the event (please observe the "Technical guidelines").

Place, date

Legally binding signature and company stamp

Conditions governing the use of equipment requiring registration and inspection

To be completed by the authority granting approval

Correct as of: 08/2018

1. Conditions

governing the operation of the equipment specified (page 1) _____

2. Flammable liquides

2.1. Storage

In the hall _____ Quantity (max. daily requirement) _____
(storage of further stock in hazardous goods store)

Outdoors _____ Quantity (max. daily requirement) _____
(5m away from the hall)

3. General stipulations

3.1. Storage location

Smoking is strictly prohibited in the storage location. Adequate signage must be provided. Suitable hand-held fire extinguishers must be available.

3.2. Conditions relating to operation

Pieces of equipment which are operated or demonstrated with flammable liquids must be fitted with non-combustible collection vessels at the filling points and at the places where liquids can escape. Any flammable liquids which have run out must be emptied from the collection vessels immediately and safely disposed of in order to avert the risk of fire or explosion.

3.3. Adding the liquids

Da beim Einfüllen der Flüssigkeiten ein besonderes Gefahrenmoment eintritt, ist hier mit größter Sorgfalt und Vorsicht zu verfahren. Das Gerät/die Maschinen muss ausgeschaltet, abgekühlt sein. Der Bereich muss für die Befüllung abgesperrt werden.

3.4. Storage containers

As a basic principle, the amount required for the day must be stored in closed, unbreakable containers and must not be accessible to unauthorised persons. The storage containers must be kept in non-combustible receptacles.

3.5. Empty containers

Empty containers in which flammable liquids have been kept may not be held or stored at the booth or in the hall.
