Event: _____ Hall/Stand no.: _____

Date of event: _____ Exhibitor: _____

To avoid complications with the construction of the exhibition stand we urgently advise you to submit a sketch of the exhibition stand (layout and panoramic view) or to submit corresponding drawings, including all dimensions, together with this printed form. The organiser will reply (comment) only if the construction of the exhibition stand cannot be approved or if technical conditions have to be made in that respect.

Please observe all paragraphs of the “Technical guidelines”, available at www.hamburg-messe.de as a PDF file under “Download”.

Please tick as applicable.

Stand shape: island stand front stand corner stand row stand

Stand size: _____ sq m – width _____ m, depth _____ m

Do you plan to exceed the normal stand height of 3.50 m? Yes No

If so, please show this extra height in the front view and floor plan (giving measurements).
Please also consider any advertising material and exhibits at this point.

For multi-storey stands structures please use the corresponding application form.
